

# Centre of Radiology

At the Centre of Radiology, we perform **mammography, X-ray, ultrasound, angiography, computed tomography and magnetic resonance imaging**. All tests are stored in digital form on the national database (*Eesti Tervishoiu Pildipank*). If you wish, it is possible to save your test in a digital medium (a fee-based service).

Radiological tests can often raise a number of questions. If you wish, you can call the **radiology tests consultation line** for information on your test. The hotline is operated by a radiology technician.

**Consultation is available Mon to Fri from 08:00-16:00 when calling [666 5166](tel:6665166)**. You can also send an e-mail to [radiolooginfo \[at\] itk.ee](mailto:radiolooginfo@itk.ee) ().
