## Orthopaedist's appointment

A referral letter from a specialist or a general practitioner is needed for the appointment of a orthopaedist at East Tallinn Central Hospital. Appointments take place on all working days at the Orthopaedic Department. In addition to doctors, orthopaedic nurses also provide independent appointments and counselling.

A referral from your family physician or specialist physician is needed to book an appointment. You can also get a [paid examination](#) without a referral and with a shorter waiting time.

### **Appointments can be booked:**

- Health Portal <https://www.terviseportaal.ee/en/>
- by phone [666 1900](tel:6661900) **Mon-Fri 7:15-18:00**
- at the reception
