## Ear-nose-throat doctor's appointment

**An otolaryngologist deals with the diagnosis and treatment of ear, nose and throat diseases in adults and children. We conduct research and offer help in rehabilitation issues as well**

A referral from a family or specialist doctor is required for the examination! You can also get [a paid examination](#) without a referral and with a shorter waiting time.

You can also consult with a laryngologist through e-consultation by a family doctor or specialist. We will respond to the e-consultation within a maximum of four working days. If it is determined based on the e-consultation that the patient needs a specialist appointment, we will contact the patient ourselves and arrange an appointment

**Appointments can be booked:**

- Health Portal <https://www.terviseportaal.ee/en/>
- by phone [666 1900](tel:6661900) **Mon-Fri 7:30-18:00**
- at the reception
